

DH Finland Ministry trip to Abidjan and Divo, Ivory Coast April 6-30, 2026

A Dream–Vision About the Ivory Coast

Gary Hixson have had one powerful dream about the Ivory Coast. In this dream, he saw all of the Ivory Coast as a map-all in complete darkness. Then there was a spark. saw a fire begin to burn in Abidjan a financial capital of all of West Africa, which is a major city of 4,000,000. This fire spread throughout the whole of the Ivory Coast. The whole country was full of fire. At one point the fire leaped over all of the boundaries of the Ivory Coast into neighboring countries. It rapidly began to burn, spreading eastward all the way to Ghana, Togo, Benin, and parts of Nigeria then westward to Liberia, Serria Leone, Guinea, Guinea-Bissau and northward toward Senegal, The Gambia, Mali and Burkina Faso and possibly to Niger.

The Dream Is Becoming Reality

A Training Conference: Intimacy with Christ: The Pathway to Freedom

A Training and Impartation Conference on Intimacy with Jesus, Healing and Inner Healing, Transformation and Deliverance, and Ministering in the Power of the Holy Spirit with the Manifestation of God’s Glory through Signs and Wonders.

We were invited by two associations of pastors in the Ivory Coast, and the Lord has called a team from **Finland and Spain** to serve together on this mission. The team is forming, and the vision is becoming reality. A team of six has now been confirmed for the training and ministry conferences in **Abidjan and Divo, Ivory Coast, April 6–30, 2026**. These will be twin-city conferences focused on teaching, training, and ministry to leadership.

At this point, we have **six committed team members**. We are still waiting to hear back from three more people. That would make a very good team size. When we went to Benin in 2023, we had a team of seven.

Each team member is covering their own costs for **visas, vaccinations, airfare, in-country transportation, apartment housing, and food**. In the Ivory Coast, we also need to hire a **cook, a driver, and our private translator**, who will be coming from **Benin** to serve with us and to help provide follow-up ministry to leaders.

When we held our last conference in Benin in 2023, we ministered primarily to church leadership. Many pastors and leaders had suffered **severe physical and emotional abuse**, as well as deep spiritual bondage and demonization. During that time, many received profound emotional and spiritual healing and were set free from the effects of abuse, **generational voodoo, and ancestor worship**.

As you can see, we have a great work ahead of us—and significant expenses.

We value your prayers and your friendship deeply.

With love and gratitude,
Gary and Kathleen and the Finnish Ministry Team
